BAGATELLE NURSERY

P. M. KOSTER, Manager

"C'est une bagatelle"

WHOLESALE PRICE LIST 1938

Huntington Station, Long Island

MEMBERS OF

*Long Island Nurserymen's Association
American Association of Nurserymen*

To the Trade

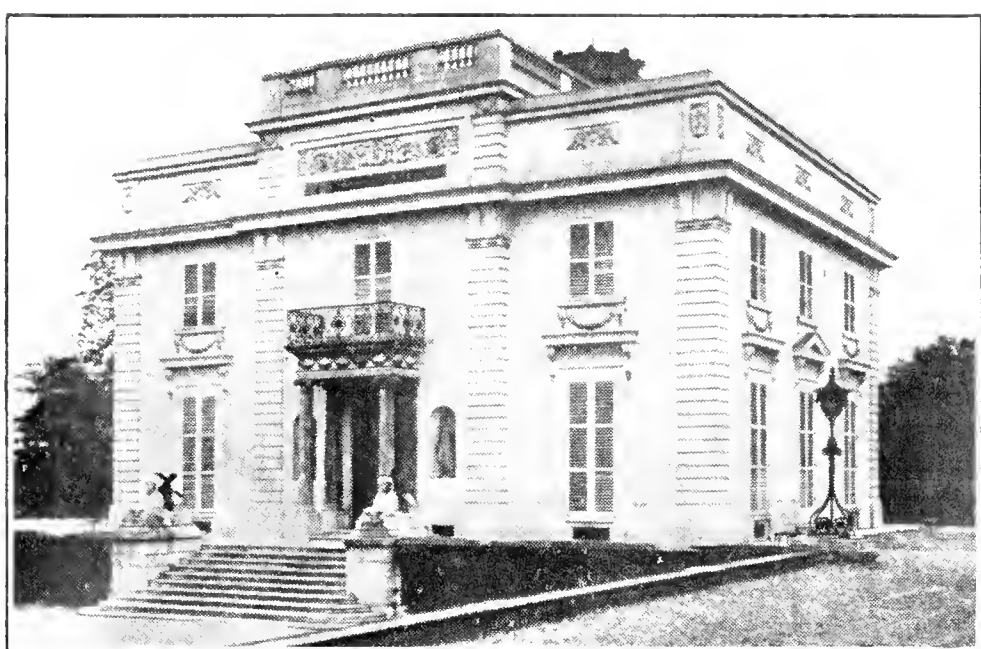

This list contains plants in which we specialize and only those varieties and sizes which we have available in quantity. They grow to perfection in our soil and climate.

Our large scale production enables us to quote you attractive prices on material used for Public Works Projects. Your want list for same will be greatly appreciated.

Through our connections with the entire nursery trade we can supply nursery products not mentioned in this list at reasonable prices which we will gladly submit if desired.

BAGATELLE NURSERY

Telephone: Farmingdale 850

Chateau de Bagatelle

On a wager with Marie Antoinette, in 1780, the Comte d'Artois (later Charles X, the second King of the Restoration), built an entrancing little chateau with its charming gardens in the incredibly brief time of 64 days. The outlay was three million francs.

"C'est magnifique!", cried Marie Antoinette, on catching her first glimpse of the beauty spot which became an enduring reminder of her wager.

"Mais, non. C'est une bagatelle" answered the gallant Comte d'Artois. So in this romantic manner the name "Bagatelle" originated.

Bagatelle Nursery is so named because it also is a beauty spot, with its specimen Evergreens, Ornamental and Flowering Trees Rhododendrons and Shrubbery. It is well worth a visit. A cordial welcome awaits you.

Conditions of Sale

PRICES

The prices named in this list cancel all prices and sales conditions quoted in previous lists and offers. They are based on current market quotations, are subject to change without notice and are f.o.b. **Nursery.**

Balling and burlapping free of charge for Evergreens and other material which is usually dug with balls of earth. Arrangements can be made, at an additional charge, to ball and burlap Deciduous Stock.

DISCOUNTS

2% discount will be allowed for payment in 10 days from date of invoice.

TERMS

All accounts are due first of second month following date of invoice. Cash or satisfactory trade or bank references must accompany all orders from purchasers unknown to us. Interest at 6% per annum will be charged on all overdue accounts.

PACKING

Packing is charged at cost, the amount representing the actual cost of the material used in the operation.

CARLOADS

We can ship by Express and Freight via Long Island Railroad connecting in New York with all other railroads and boatlines. No charge will be made for loading carload lots.

TRUCKS

We deliver by truck within a reasonable distance. We will be glad to make arrangements about delivery by truck at the time the order is placed.

Azalea Kaempferi Hybrids

Azalea Kaempferi Hybrids are gaining in popularity every year, which they fully deserve. They inherited the vertical growth from Azalea Kaempferi, one of the parents and also its hardiness. Both qualities make them very desirable for landscape plantings. The delicate pastel colored flowers are large and do not burn even in the full sun. They are also desirable for forcing; at three consecutive Flower Shows in New York, they were awarded Gold Medals. They were also awarded Gold Medals in various European cities.

The cover of the catalog of the 1937 New York Flower Show consisted of the colored plate of Azalea Othello, which illustrated an article on Azaleas in the 1936 March issue of House & Garden.

OUTSTANDING FEATURES ARE:

1. Thorough hardiness (16 degrees below zero).
2. Rapid growth.
3. Extreme floriferousness.
4. Large flowers (some measure 2½ in. across).

Carmen

Delicate rose like Moss Pink (Phlox subulata).

Fedora

Rose, like the outer petals of the Bleeding Heart. Very large flowers.

Louise

Carmine, a lighter tint than that of Azalea Hinodegiri.

Othello

Salmon pink, the colour of the open flower of the rose Mme. Edouard Herriot.

AZALEA—Cont.**AZALEA poukhanensis**

Pink-lavender flowers. Blooms in May.

15 to 18 in.	1.75	1.50	1.25
18 to 24 in.	2.00	1.75	1.50

AZALEA mollis seedlings**Chinese Azalea**

Grown from seeds from highly colored plants only.

12 to 15 in.	1.15	1.00	.75
15 to 18 in.	1.50	1.25	1.00

AZALEA mucronulata**Korean Azalea**

The earliest of all Azaleas to bloom; violet rose, shaded lilac.

12 to 15 in.	1.50	1.25	1.00
15 to 18 in.	1.75	1.50	

Native Azaleas

They prefer an acid soil, like all ericaceous plants and are thankful for a heavy mulch preferably of oak leaves.

AZALEA arborescens**Sweet Azalea**

Pure white fragrant flowers in June.

18 to 24 in.	1.65	1.50	1.25
2 to 2½ ft.	2.00	1.75	1.50
2½ to 3 ft.	3.00	2.75	2.25

AZALEA calendulacea**Flame Azalea**

Brilliant orange and scarlet flowers in several shades.

18 to 24 in.	1.65	1.50	1.25
2 to 2½ ft.	2.00	1.75	1.50
2½ to 3 ft.	2.60	2.40	2.00

AZALEA nudiflora**Pinxterbloom**

Pale rose or pink flowers in May.

15 to 18 in.	1.30	1.20	1.00
18 to 24 in.	1.65	1.50	1.25
2 to 2½ ft.	2.25	2.10	1.75

AZALEA rosea**Downy Pinxterbloom**

Generally considered to be a variation of Azalea nudiflora. Possesses a stronger fragrance.

15 to 18 in.	1.30	1.20	1.00
18 to 24 in.	2.25	2.00	1.75
2 to 2½ ft.	3.25	3.00	2.50

AZALEA vaseyi**Pinkshell Azalea**

Very early. A most delicate shell pink.

18 to 24 in.	2.60	2.40	2.00
2 to 2½ ft.	3.50	3.25	2.75
2½ to 3 ft.	4.00	3.50	3.00

AZALEA viscosa**Honeysuckle Azalea**

The white to pink flowers appear in July in great trusses, very fragrant. The latest to bloom.

18 to 24 in.	2.25	2.10	1.75
2 to 2½ ft.	3.25	3.00	2.50
2½ to 3 ft.	3.50	3.25	2.75

MAGNOLIAS—Cont.

— parviflora

Oyama Magnolia

This Magnolia blooms while the plant is in full leaf contrary to other varieties which flower before the foliage appears. It flowers much later and consequently the blooms escape being hurt by late frosts. The pure white waxy flowers are cup shaped with a very prominent center of crimson stamens. They will appear throughout the summer and autumn. We have a large stock in various sizes at reasonable prices.

2½ to 3	ft.	2.25	2.00	1.75
3 to 4	ft.	3.25	3.00	2.50

5 to 6	ft.	7.50	6.00	

— soulangeana

Saucer Magnolia

Purplish pink cups, 4 to 6 inches across.

2½ to 3	ft.	1.25	1.00	.85
3 to 4	ft.	1.65	1.50	1.25
4 to 5	ft.	2.25	2.00	1.75

— — alba

White Saucer Magnolia

Pure white large flowers.

7 to 8	ft.	7.50		
--------	----------	------	--	--

— — lennei

Lenne Magnolia

Rosy purple pear-shaped cups. Flowering late, often blooming a second time.

2½ to 3	ft.	1.75	1.50	1.25
3 to 4	ft.	2.75	2.50	2.00
4 to 5	ft.	4.50	4.00	3.50

— stellata

Star Magnolia

The earliest to bloom, fragrant semi-double white starlike flowers with an occasional flush of pink.

2 to 2½	ft.	1.75	1.50	1.25
---------	----------	------	------	------

Malus

Flowering Crabs are the rivals of Flowering Cherries. In fact, they are considered by many to excell them in beauty. They flower most profusely in a great variety of color, pure white, pink, white and pink, carmine, while in the fall, lasting until winter, the trees are covered with fruit, small tiny apples, yellow, orange, red and carmine, according to varieties. Moreover they are perfectly hardy, frost will not kill the flowerbuds.

MALUS arnoldiana

Flowers semi double, coral pink changing to white, fruit yellow.

5 to 6	ft.	1.75	1.50	1.25
6 to 8	ft.	2.25	2.00	1.75

Unit Price in Quantities
Each 10 100

MALUS—Cont.**— eleyi**

Light purple foliage, later turning to green. Single, carmine flowers and carmine fruit in great abundance. The little apples, $\frac{3}{4}$ in. across, make an excellent, beautifully colored jelly.

5	to 6	ft.	1.75	1.50	1.25
6	to 8	ft.	2.75	2.50	2.00
8	to 10	ft.	4.00	3.50	3.00

— floribunda

Bright pink buds, the open, single flowers white, forming a beautiful contrast of colors. Reddish yellow fruit.

5	to 6	ft.	1.65	1.50	1.25
6	to 8	ft.	2.75	2.50	2.00

— halliana parkmanni

Double, bright rose flowers, fruit purplish red.

5	to 6	ft.	2.00	1.75	1.50
6	to 8	ft.	2.25	2.00	1.75

— niedzwetzkyana

Young foliage tinged purple, later turning to green. Flowers single, carmine. Fruit carmine, much larger than the fruit of the other varieties but not so abundant.

5	to 6	ft.	1.50	1.25	1.00
6	to 8	ft.	2.25	2.00	1.75
8	to 10	ft.	4.00	3.25	2.75

— theifera

Exceedingly floriferous, flowers delicate rose, changing to blush white; fruit greenish yellow.

5	to 6	ft.	1.65	1.50	1.25
6	to 8	ft.	2.25	2.00	1.75

We have some very large specimen plants; will be glad to give descriptions and prices.

Picea pungens kosteri

All our Koster Blue Spruce are grafted, the cions used are selected with the greatest care from plants we know to be true "Kosters." Even our very young plants are "staked" in order to secure well shaped plants with perfect leaders.

It was our Mr. Koster who, in 1886, grafted the first five cions of the Koster Blue Spruce which originated in his father's nursery.

Plants grafted in February, delivery in June			.60

Prunus serrulata

Japanese flowering Cherries are known all over America as one of the finest Spring flowering trees.

PRUNUS serrulata fugenzo	Kofugen
--------------------------	---------

The finest of Japanese Cherries. Also known as Kofugen, Benifugen or James H. Veitch. As a specimen tree for the lawn Fugenzo is excellent, the flowers open rather late and fade very little.

QUERCUS PALUSTRIS AND RUBRA

Rhododendron Hybrids

NAMED VARIETIES

The Bagatelle Nursery makes a specialty of growing Rhododendrons and have first class facilities to do so. Experiments, at great cost, have been made in the last five years to test hardiness as for outside planting in the vicinity of New York, only the hardiest varieties should be chosen.

Varieties which need winter protection are marked *; these are all highly colored and excellent for forcing.

We have indicated behind each variety listed the maximum height available from 12 inches up.

America

Red, very pronounced blotches. (2 ft.)

Album elegans

Opening buds lilac, the open flowers white. (3 ft.)

Amphion

Clear pink with white center, very large truss. (2 ft.)

Catawbiense grandiflorum

Light purple. a very pleasing color. (2 ft.)

*Corry Koster

Light pink, spotted crimson, large truss. (15 in.)

Dr. Dresselhuys

One of the very best reds grown, the same color as Chas. Dickens but a much better grower. (3½ ft.)

Dr. Lovink

Approaches Dresselhuys in color but is not as good a grower. (2½ ft.)

*Goethe

Very large individual flowers, nearly white with pronounced light purple fringes, an unusual variety. (3 ft.)

*Hugo Koster

Oxblood red, a very outstanding color, the individual flower of great substance, most excellent for forcing. (2 ft.)

Ignatius Sargent

Light clear red, very fine truss. (2 ft.)

Kettledrum

A very good red but straggly grower. (15 in.)

*Louis Pasteur

Very attractive pink paling at the center, an improved Pink Pearl and a good forcer. (15 in.)

Madame de Bruin

Crimson carmine, flowers of great substance, very large truss. (18 in.)

*Unit Price in Quantities***RHODODENDRON HYBRIDS—Cont.*****Mrs. Chas. Pearson**

Pale blush mauve, the upper lobe heavily spotted, fades to white, immense truss. (2 ft.)

Mrs. C. S. Sargent

Dark pink, a fine color, one of the best. (2 ft.)

Mrs. P. den Ouden

Red, similar to Dresselhuys. (2½ ft.)

Nova Zembla

A very good red with pronounced dark blotches but not a very good grower. (2½ ft.)

Parsons Gloriosum

Pink shaded purple, excellent foliage. (21 in.)

Prof. Bettix

Vivid red, dark blotches. (2½ ft.)

***Robert P. Baruch**

Red, a very fine color, a good grower. (2 ft.)

Roseum elegans

Pink shaded lilac changing to pink when open; the best foliage of all, very hardy. (3 ft.)

Roseum superbum

A shade lighter than the former, somewhat later flowering. (2 ft.)

Prices for well shaped bushy plants, in assorted colors:

Each 10 100

Rhododendron Hybrid Seedlings

We have a considerable quantity of Rhododendrons grown from seed. The very severe winters of 1933-36 have weeded out those that were not hardy. The colors are very good but we cannot guarantee any specific color.

12 to 15 in.80	.70	.60
15 to 18 in.	1.25	1.10	.90
18 to 24 in.	1.65	1.50	1.25

3 to 3½ ft.	3.50	3.25	2.75
3½ to 4 ft.	4.50	4.25	3.50

Rhododendron Native Varieties

The Native Rhododendron we offer are *nursery grown*; they are far superior to collected stock. We will be very glad to send you prices for collected plants in earload lots either of one variety of one size or mixed varieties in sizes from 1½ to 5 ft.

CAROLINIANUM

Carolina Rhododendron

Compact clusters of very fine clear pink flowers blooming profusely the latter part of May. It is a compact grower with good foliage though considerably more narrow than the foliage of the Hybrids.

15 to 18 in.	1.35	1.20	1.00
18 to 24 in.	2.25	1.75	1.50
2 to 2½ ft.	3.00	2.75	2.25

CATAWBIENSE

Catawba Rhododendron

Large trusses of dark rose flowers shaded lilac; good but compact grower, good foliage.

1½ to 2 ft.	2.25	1.75	1.50
2 to 2½ ft.	2.75	2.50	2.00
2½ to 3 ft.	3.25	3.00	2.50
3 to 3½ ft.	4.50	4.25	3.50

MAXIMUM

Rosebay Rhododendron

Used largely for massing in the background of plantings of Hybrid Rhododendron. The flowers ranging from white to light pink, some darker, are quite small and are partly hidden by the young foliage. They flower the end of June or the beginning of July, much later than the Hybrids.

2 to 2½ ft.	2.25	2.10	1.75
2½ to 3 ft.	3.25	3.00	2.50
3 to 4 ft.	4.50	4.25	3.50

Syringa Vulgaris

We are growing six of the most outstanding varieties of the group which is called *French Hybrid Lilacs*; a small but a very select collection.

Jan van Tol

Single, pure white, very large individual flowers forming an immense truss; very free flowering.

Katharine Havemeyer

Double, cobalt blue, flushed mauve, large flowers of perfect shape with broad imbricated lobes; one of the handsomest lilacs.

Lamartine

Single, rosy mauve, large clusters. A cross between an early vulgaris and Syringa Giraldi, one of the group that flowers almost two weeks before the other varieties.

Miss Ellen Willmott

Double, large clusters of imbricated flowers, snow white, of perfect form.

Reaumur

Single, violet carmine and satiny rose, a very beautiful variety.

Ruhm von Horstenstein

Single, very large trusses of pink flowers.

How to Reach Bagatelle Nursery by Auto or Train

The Bagatelle Nursery is located within 35 miles from New York.

By train come to Huntington, Wyandanch or Babylon; advise us what time you will arrive at either station and we will be glad to call for you.

By car from New York go to the end of the Northern State Parkway and continue east on Jericho Turnpike. At corner Jericho Turnpike and New York Avenue, Huntington, Dew Drop Inn, turn right and for 5 miles follow our signs.

From the Merrick Road turn into Deer Park Avenue at Babylon, proceed about 2 miles beyond Deer Park Railroad Station until our sign "Bagatelle Nursery" will direct you further.

By way of the Long Island Motor Parkway turn left at our sign $4\frac{1}{2}$ miles beyond the Huntington toll gate.

BAGATELLE NURSERY

P. M. KOSTER, *Manager*
